

SELL SHEET

Who can use the H-Series Standard Synthesis™ Porcelain Shower Surround System?

- The H-Series kit is designed for a standard 60" x 36" x 96"H shower and is easily trimmed at the job site to fit smaller showers or tub surrounds.
- The system includes two 47-1/4"H panels to be stacked on each wall with a horizontal seam between them. Panels may be trimmed for both width and height to accommodate a wide variety of shower and tub surround applications.
 - Bottom panels may have up to 5" removed from the bottom edge.
 - Top panels may have up to 22" removed from the top edge.
 - Panels may be cut to any width.
- The system can be used with shower doors or shower curtains.
- The system can be used with recessed accessories such as pre-made shower niches and with wall-mounted accessories such as grab bars and soap dishes.
- The system is not offered with vein matching or book matching from panel to panel.

About your Shower Base...

- Your shower base **MUST** have an integral flange/water dam on all sides that are to receive wall panels.
- **Tiled Shower Bases** must be level at the perimeter to avoid an uneven gap between the wall panels and the tiled floor.
- **Modular Shower Bases** must have a level panel ledge, minimum 1-3/4" wide, at all sides that are to receive wall panels. A threshold is not required.

What we Provide...

We provide a convenient kit that includes all the components and materials for a complete Synthesis™ porcelain shower surround installation. The kit includes (2) 58-1/2"W x 47-1/4"H and (4) 35-7/8"W x 47-1/4"H vitrified 6mm porcelain panels bonded to MGO Board with a proprietary marine-grade epoxy adhesive. The installed thickness of the Synthesis™ wall panels is 1-1/4 inches. The kit includes flashing, closed-cell foam gaskets, fasteners, spacers, adhesives, and color-matched silicone for a complete installation.

What you Provide...

- A shower base/pan, max 60"W x max 36"D
- Shampoo niches, soap dishes, edge trim, grab bars, and accessories
- The labor and tools to install the system

Availability

Available in a multitude of colors and finishes.

Pricing

- Manufacturer's suggested retail price (MSRP) for the Synthesis™ porcelain shower surround kit is \$6,000 and does not include your shower pan, accessories, plumbing, or installation.
- All colors and finishes are sold at the same price.
- The net price for the installation kit is \$375 and the cutting kit is \$365. These items are not subject to your multiplier.

Shipping

All products are shipped FOB from our dock in Solon, Ohio.

- The kit is shipped in a 64"L x 52"W x 10"H carton mounted on a custom wood pallet.
 - The receiver must have a forklift or pallet jack available to receive the shipment.
 - Additional freight costs will apply for delivery locations without a truck-height dock.
- The shipping weight is approximately 550 lbs.

Products may also be picked up at our dock.

Warranty

We provide a robust 10-year product warranty on the Synthesis™ vitrified porcelain panels against material and manufacturing defects under normal use and service. Panel Composite Systems, Inc. warrants to the original end-user that we will repair or replace, at our option, any product found to be defective under normal use and care at no charge for a period of ten years from the date of purchase. This warranty covers the product only and does not cover the labor to remove or reinstall the product. Visit Synthesisbypcs.com or see our installation instructions for our full warranty statement.
